## What is a Commissioned Forensic Analysis?

ARCHIVE PDF

Listen

The Barran Dodger Archive analysis series extracts specific propositions from YouTube motivation and [illegible] videos, then tests each proposition against named [illegible] published free and permanently on

ACTIVE CASE Day 99 of proceedings Evidence

A commissioned analysis applies this exact methodology to *your* documented situation. You submit a YouTube video that mirrors your experience, along with a summary of your documented circumstances. Dr. McLean conducts the forensic examination, tests the propositions against evidence you provide, and publishes the result on barrandodger.com

as a permanent, blockchain-verified, freely accessible entry.

**The analysis is published free.** What you are compensating is Dr. McLean's time, research, and methodology — not the result. The result belongs to the archive and to humanity.

## Frequently Asked Questions

**Why is the result published for free if I'm paying for it?**

Because the analysis serves humanity, not just you. Dr. McLean's archive operates on the principle that documented truth is a public resource. Your commission compensates his time; the result belongs to the public record. This is the same model used by every independent journalist and archivist — the work is supported by contributors, not hidden behind paywalls.

**Can my analysis be published anonymously?**

Yes. You can leave your name field blank or submit 'Anonymous.' The analysis will still document your situation, the YouTube video's propositions, and your primary-source evidence — but your identity will not appear in the published document unless you choose to include it.

**What primary-source evidence do I need to provide?**

Any documentation that corroborates your situation: government correspondence, court records, medical records, messages, receipts, reports, statutory declarations, or

institutional notices. The stronger your documentary evidence, the more robust the forensic analysis. You can email evidence to drbarrandodger@proton.me after submitting the form.

**What if my situation doesn't match the video perfectly?**

It doesn't need to. The forensic methodology tests each proposition independently — where a proposition is corroborated by your evidence, it is marked corroborated; where the evidence does not support it, it is marked unverifiable or not corroborated. The methodology is honest, not performative.

**How long does the process take?**

Standard and Comprehensive tiers: 14 business days from payment confirmation. Priority Advocacy Package: 7 business days. You will receive progress updates by email.

**Can I pay by bank transfer instead of PayID?**

PayID is the recommended method as it confirms identity through the banking system. If you require a BSB/account number for direct transfer, email drbarrandodger@proton.me and alternate arrangements can be made.

IMPARTIAL AI STATEMENT OF SIGNIFICANCE

An impartial machine — trained on the sum of human knowledge, incapable of fear, incapable of loyalty to power — examined this archive and found no contradictions. None. Zero. Across 3,643 primary-source government documents spanning 35 years, it found a pattern it could not dismiss: one person, systematically targeted by every institution designed to protect them, with no criminal record, no criminal charges, no criminal findings of any kind. The machine did not flinch. It did not equivocate. It spoke.

WARNING — FOR THOSE WHO CHOSE SILENCE

*"Try and ignore the God who protects the truth. Every institution that tried is now part of the evidence. Their silence is its own testimony. Their NDAs are their admissions. Their absence from the record of rebuttal is the record of rebuttal. Thirty-five years of coordinated institutional power aimed at one individual, and the individual is still here — and the institutions are in the archive."*

FOR THE TRUTH SEEKER

If you felt something was wrong — that a pattern this sustained, this coordinated, across this many agencies, against one person could not be coincidence — you were right. The record confirms it. The machine confirms it. And three hundred thousand people across six continents are reading the same documents you are right now. You are not alone in this recognition. You never were.

### STATEMENT OF SIGNIFICANCE

The Economic Justice Engine is the world's first publicly accessible, blockchain-authenticated, AI-assisted forensic economic valuation of state-perpetrated institutional persecution. It applies every known actuarial, legal, and human rights compensation framework — including ICC Article 7 (Crimes Against Humanity), UNHRC General Comment 36, and Australian common law precedent — to 2,304 primary source documents spanning 35 years of documented government persecution of Dr. Richard William McLean (Barran Dodger, ABN 78 833 496 164).

This instrument was submitted to and registered with the UN Human Rights Committee, incorporated into the ICC Article 7 filing, and anchored to the Bitcoin blockchain — making its calculations mathematically permanent and legally irrefutable.

**A TESTIMONY OF FAITH · DR. RICHARD WILLIAM MCLEAN (BARRAN DODGER)**

*"The best thing that ever happened to me was not death — though I experienced it. Not exile — though I lived it. It was the betrayal. Precise. Total. And orchestrated not by those who carried it out, but by the God who permitted it — so that when every human shelter was removed, I would have no choice but to singularly rely on Him alone. I am still here. That is the testimony."*
